# COLLAGES

---

Order a collage for athletes, coaches, or family. Collages can contain six to nine individual photos chosen by you or you can let Norm choose the photos for you. You may also select the type and color of the background on the collage. Coach collages include photos of each player on the team or multiple photos of an individual player. Collages are available in a variety of sizes. Collages can be ordered as a print for framing, with a matte board backing for rigidity, or with a 3/4" foam board backing that can be used without a frame. If you have an idea that I haven't presented then let's talk.
